Dear District Leaders,

We appreciate your patience over the past several weeks as World Headquarters launched the Enterprise Resource Planning platform. Going through any system changes, such as this, is a monumental process, and we understand the service impact it has on conducting District business.

On May 24, when the website became accessible again, several functions in District Central were not available immediately. These functions included submitting Club Officer Training reports and Area Director's Club Visit Reports due on May 31.

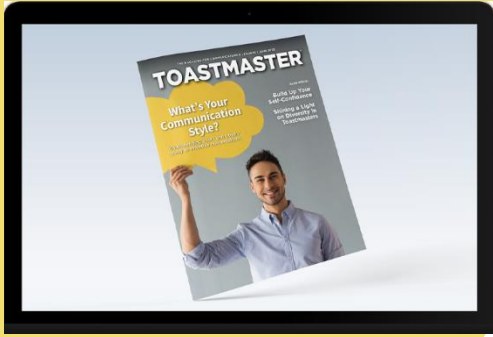

Due to the service interruptions, the Board of Directors decided to extend the submission date for the Club Officer Training report and Area Director's Club Visit Report to **June 15**. District leaders will have until June 15 to submit the two respective reports for Round 2 of the 2021-2022 program year.

Thank you and your team for the continuous dedication you have shown in supporting the clubs and members of your Districts.

Sincerely,

Daniel Rex
Chief Executive Officer
