Pathways Level 1 Changes Announced by Toastmasters International

"The 'Evaluation and Feedback' project and the 'Ice Breaker,' a beloved Toastmasters tradition, will be joined by two new projects to make up Level 1: 'Writing a Speech with Purpose' and 'Introduction to Vocal Variety and Body Language.' These new projects will teach basic public speaking skills and should help new members feel less overwhelmed and provide building blocks to expand on as they progress through their path. 'Researching and Presenting,' a project previously found in Level 1, will be repurposed as an elective in Level 3. Please note that the new Level 1 will only be available in paths selected after the launch of these new projects. Paths in progress or already completed will continue with the current Level 1 projects."
